SENIORS WELL SERVED BY COUNTY PROGRAMS AND INITIATIVES

FREDERICK, MD – The Frederick Board of County Commissioners today issued a resource guide that highlights programs and initiatives for seniors in Frederick County. The listing points to a wide variety of offerings for seniors, from the Senior Tax Credit to prescription discount card to senior centers.

The listing is available on the Frederick County Government website "hot topics" page (www.FrederickCountyMD.gov/hottopics) and Department of Aging webpage (www.FrederickCountyMD.gov/aging).

Board President Blaine Young said, "We are proud to provide this handy resource of the many programs and services we provide to our seniors in Frederick County. We encourage them and their families to take advantage of the offerings and give us their feedback about their experiences. We know that many people are struggling during these challenging difficult times, and want to reach out to this very special group of county citizens to make sure they are aware of all the many opportunities available."

For further information, contact Director Carolyn True at 301-600-1605 or via e-mail at ctrue@FrederickCountyMD.gov.
